This exam is based on MHT CET (Maharashtra Common Entrance Test). MHT CET is a state level examination which is mandatory qualification to get admission in professional courses like B.E. / B.TECH/ B.PHARM. The syllabus for the test kept according to their respective HSC/MHT CET examination as the students are not having the sufficient time for the separate studies. And another view was to get them aware for final MHT-CET exam. The pattern of exam, the question and other points were also decided as per MHT-CET exam. The test syllabus include questions of Physics, Chemistry and Maths.

Why Student Talent Hunt Fellowship Entrance Exam:

Our institution is situated in socio-economically backward region of Maharashtra state at Yavatmal. As per the vision of institution, we are striving to propagate education to the people of tribal society in nearby region to bring about a social change in the rural sector for the up-liftmen of poor and downtrodden community. Many students are willing to pursue their higher education in the field of engineering and technology. Due to poor economical background, they are unable to opt for coaching classes for guidance to prepare MHT-CET examination which is mandatory requirement as an entry level qualification in addition to HSC science as their basic qualification.

Outcome of Student Talent Hunt Fellowship Entrance Exam:

The topper student got exciting prizes. And also the student who appeared this exam got benefit of Sir Visvesvaraya Student Talent Hunt Scholarship for their higher education.

About Go-Kart:

JCOET established automobile club in department of mechanical engineering team FORZA of our institution have participated for the first time in international level GO-KART CHAMPIONSHIP 2016-17 at lovely professional university Jalandhar Punjab. The team comprises of 20 members which includes students from 4th year and 3rd Year from mechanical and electrical branches. This activity has provided a platform for graduate students to fabricate their racing car (GO-KART) and compete with students from various colleges in the country.

Details of Go-Kart:

Our GO-KART team was formed in the year 2016 which was nominated as team FORZA which is replaced by team TAKSHAK in the following year, as we have improved our team as well as design. Such competitions have provided opportunities for engineering minds to develop newly designed and innovative racing karts (GO-KART). The teams of various states from all over the nation have participated in the competition which provided a platform for budding engineers to put their theoretical knowledge and skill into practical. Application in the form of designing of the racing cars which has to pass through various quality inspections to become eligible to be final participants in this activity. Participation is observed by very little institution in the state of Maharashtra. All the financial assistance was provided by the management of the institution and all students members of the team have worked in the college workshop beyond college working hours to make this event as representation of our college at national level platform is one of the distinctive features.
