Report on Road Safety Awareness Week Programme

1. Title of Activity	Road Safety Awareness Week Programme 2020
2. Date of Activity	11 January 2020 To 17 January 2020
3. Time	Sharp at 11:00am to 6.00 pm
4. Venue	Civil Seminar Hall, JCOET Yavatmal
5. Organized By	NSS Units
6. No. of Beneficiary	17 Faculty and 108 Students

Objective of Activity: To get knowledge about road safety & awareness about traffic control.

An expert lecture was called for the students of Engineering Branch, Jagadamba College Of Engineering & Technology Yavatmal. Mr. D.S. Johar has delivered a lecture on the topic of "Road Safety Awareness" and share his vast experience in all engineering branch on this occasion. The programme has started by lamp lighting and garlanding to the mother Saraswati (Goddess of knowledge). Felicitation of Mr. D.S. Johar was done by Mr. M. A. Khan.

Mr. D.S. Johar has talk about "Road Safety Awareness". As the president of our society's organizing committee, we had organized an event based on "Road Safety Week" starting from today wherein Mr. D.S. Johar deliver a talk on some important road safety measures for the students of all Engineering Department. As we all read in newspaper the increasing cases of road accidents particularly that of the young generation of today. Because of that our college sincerely hope that through the medium of this talk some awareness could be spread amongst the students and they learn to become more responsible and extra careful while walking on the road.

Firstly Mr. D.S. Johar from Dilip Buildcon Limited gave an introductory lecture on road safety measure & a details presentation on the road side accidents. In his presentation he thoroughly discussed the safety measures that can save a human life. He Stressed that one should be visible on the road and use zebra crossing while crossing the road. In his presentation he shared some of the terrible life risking facts. In the entire road side accidents 84% loss is because of human faults while other remaining factors are 16%. According to a report approximately 12000 persons are killed in road accidents annually.

Dr. Nimesh M. Baradkar
Principal
Jagadamba College of Engineering &
Technology, Yavatmal

There is urgency for the strict rules and regulations for safety on roads. Everyone should follow the instructions and rules while driving or while using a vehicle. These days the craze of bikes between youngsters is increasing and hence they should follow the rules such as wearing a helmet and speed limits. While using a car, we should always use the seatbelt and maintain the speed limit. Harsh driving or driving while drunk is the main cause of accidents that happens with the cars.

Also he thoroughly discussed the road safety rules. He said that educated women can guide their family members in a better way for the avoidance of road side emergencies.

There was also a question answer session in which students asked different questions regarding road side safety. Also the students who answered the correct answer got a prize by Dilip Buildcon Limited. He urged that nations are recognized by road disciplines and we must observe road rules.

NSS Unit of Jagadambha College of Engineering And Technology Yavatmal organized a Birth Anniversary Celebration Program of Savitribai Phule on Dated 03 January 2020. Dr. H. M. Baradkar, Principal Jagdambha College of Engineering & Technology, Yavatmal. expressed his views about Savitribai Phule. He said "Savitribai Phule was the first women, who stand alone for the girl's education, took lots of efforts to make women educated and make available first girl's school in Pune and in thememory of such Honorable women this day is celebrated". Many Students also gave speeches on "Contribution of Savitribai Phule". Through this program students came to know about Savitribai Phule's early life and what she contributed for the society as well as for women's empowerment. Savitribai Phule and her husband Jyotirao Phule had opened India's first school for women in Pune in 1848. Jyotirao Phule was an advocate of female education and helped his wife -- who married him when she was 9 years old -- attain good education against all odds. Savitribai not only became the first female teacher in India but went on to set up 17 more schools. She was actively involved with the lives of the students and regularly conducted meetings with parents to emphasize the importance of education for girls. "Tribute to Savitribai Phule on her birth anniversary, who devoted her life against untouchability, illiteracy, and for the rights of women".

The program was coordinated by Prof. Pravin Wankhede NSS Coordinator Jagdambha College of Engineering & Technology, Yavatmal. under the guidance of Honorable Dr. H. M. Baradkar sir, Principal Jagdambha College of Engineering & Technology, Yavatmal.

Objective of Activity: The power to vote for your country is an important part of a democratic country like India.

An Guest lecture was called for the students of Engineering Branch, Jagadamba College Of Engineering & Technology Yavatmal. Mr. Khadgi Sir has delivered a lecture on the topic of "Voter Awareness Programme" and share his vast experience in all Engineering students on this occasion. The programme has started by lamp lighting and garlanding to the mother sarswati (Goddess of knowledge). Felicitation of Mr. Khadgi Sir was done by Dr. V.L. Bhambere

Mr. Khadgi Sir has talk about "Voter Awareness Programme" As the president of our society's organizing committee, we had organized an event based on "Voter Awareness Programme" starting from today where in Mr. Khadgi Sir deliver a talk on some important Voter Awareness measures for the students of all Engineering Department In democracy, it is not simply enough to inform voters about election dates. In order to help the electorates take an informed decision, it is quintessential to sensitise them about the importance of participating in the electoral process. Moreover, voters need to be educated about the process and made aware of the political parties, their manifestos, backgrounds of the contesting candidates and armed with several other information to help them cast an 'enlightened' vote. To sensitize the voters about the importance of participation in an electoral process and to ensure a responsive, accountable and democratically elected government government of India has decided to celebrate January 25 every year as 'National Voters' Day'.

Also, Sir told The power to vote for your country is an important part of a democratic country like India. While many in our country are eligible to cast vote, few are enthusiastic about it. In the 2019 Lok Sabha elections, the voter turnout was 67.11% which is the highest turnout in

the history of India. With every election, there has been a positive increase in voter turnout. Such an increase in voting is a positive welcome, as each and every vote counts for a better future of our country. Sir told the reason of voting,

1. **It's our right.**
2. **Agent of change.**
3. **Your vote counts.**

India's democratic underpinnings are based on election results. Our legislatures and parliaments are elected by, for, and for the people. We are fortunate to have the constitutional right to vote. We take it for granted, but the constitution guarantees us the right to vote for whom we want and to change our minds. Every vote counts. Though it seems like an endless sea of people are there to vote, every vote counts. When the national attitude changes from thinking "my vote doesn't make a difference", then the numbers increase and a multitude of people voting will make the difference. The responsibility lies on every individual. Every vote counts. Though it seems like an endless sea of people are there to vote, every vote counts. When the national attitude changes from thinking "my vote doesn't make a difference", then the numbers increase and a multitude of people voting will make the difference. The responsibility lies on every individual.

Objective of Activity: Food Distribution to needy people in lockdown.

Jagadambha College of Engineering & Technology Yavatmal organized to provide food to daily wagers, homeless and other people affected by the curfew imposed in Maharashtra in view of the coronavirus pandemic.

Besides, Jagadambha College of Engineering & Technology Yavatmal distributed food packets to homeless people at Patipura, cotton market, vadar Wadi, on Monday. Volunteers reached out to people affected by the lockdown, especially daily wagers, and provided them food. On Monday afternoon, food packets were provided in Datta Nagar to truck drivers who were working in the city and did not have lunch. Some volunteers of Jagadambha College of Engineering & Technology Yavatmal members provided lunch in the last two days to daily wagers who were stranded at the corner of road while waiting for private vehicle to return to their home towns. In Jagadambha College of Engineering & Technology Yavatmal, who plan to provide around 600 ration kits to the needy families. The volunteers have been taking necessary hygiene precautions by wearing gloves and face masks and using hand sanitisers during food distribution. "We feel that as human beings, it's our responsibility to help the most vulnerable amongst us in their time of need. We appeal to all citizens of Yavatmal to join in our efforts.

Food Packets Distribution Programme organised by NSS Unit of Jagadambha College of Engineering And Technology Yavatmal on 18th August 2020. The main motto of these programmes was to help and serve the food to the poor and needy people. The sudden outbreak of the Coronavirus Pandemic sent the whole world into a whirlwind. Countries got a high amount of COVID-19 infections and many people died. Keeping this in mind, the Government of India announced a nationwide lockdown. This was a vital step in putting brakes on the infection rate. But this sudden announcement, though necessary, came as a huge burden on the whole nation. All workplaces, except the essential sector, came to a standstill and people were told to stay indoors as the deadly virus started to spread rapidly. Transportations stopped, so people were unable to move from one place to another. So, people were both out of work and were unable to go home. The people who suffered most because of this situation were the migrant workers. Most of the people in India, who fall under the poverty line, relocate to bigger cities for jobs. While they are already challenged in terms of survival, the lockdown was an add-on to their miseries. Neither were they able to earn to feed their families nor were they able to travel back home for survival, putting them in deep trouble. Seeing their grave situation, NSS Unit of Jagadambha College Of Engineering And Technology Yavatmal came forward to provide them with free food for survival. There were total 05 faculty members and 20 students who distributed the free food packets to the poor and needy people in yavatmal city.

Title of Activity: Covid-19 Pandemic Awareness Program along with Mask distribution

Aim: - Covid-19 Pandemic Awareness.

Objective: - The objective of this awareness program was to aware villagers about Covid-19 situation

Date: - 22/10/2020

No. of Student Participated: -120

Covid-19 Pandemic Awareness Program along with Mask distribution has emerged as a major humanitarian crisis that has affected almost everything. In response to this global pandemic our institution has risen to the need of the hour by strictly implementing and monitoring preventive measures and precautions to prevent its spread within and outside the institution. As a small step in this direction, our college undertook the initiative of distributing Face Masks and Sanitizer to the poor people.

The distribution program was arranged in the nearby village and donated the mask to the community. The team of NSS and other staff member were present.

They also started and resolved the myths and facts of vaccines as it was the biggest issue in the village. Vaccines awareness program by the student has helped the villagers resolving their doubts and encouraged them to inoculate the vaccine.

Our college is running strictly adhering to the Covid-19 protocol as put forward by the state government. All the faculty members, student volunteers of NSS were working hard towards imparting proper awareness among the students and their families' to obey the rules as it was the need of the hour to slow down the spreading of Covid-19. The faultless job from their part was highly appreciable because as an institution of higher learning, the safety of our students and the society at large are our major concerns.

The students have voluntarily taken up the task of stitching and making masks while at home and distribution of the masks. The masks have distributed by the students and teachers to the labours working in the industry of construction of buildings and homes within surrounding area. We have distributed the masks to the people who do not have them and do not have enough money to purchase them for their safety.

The NSS unit of Jagadambha College of Engineering & Technology Yavatmal Provides Bus facility to the relocation of migrant labour who are from other states. India has been in lockdown since March 25, 2020. During this time, activities not contributing to the production and supply of essential goods and services were completely or partially suspended. Passenger trains and flights were halted. The lockdown has severely impacted migrants, several of whom lost their jobs due to shutting of industries and were stranded outside their native places wanting to get back. Since then, the government has announced relief measures for migrants, and made arrangements for migrants to return to their native place. The Supreme Court of India, recognizing the problems faced by migrants stranded in different parts of the country, reviewed transportation and relief arrangements made by the government. On June 9, the Court directed central and state governments to complete transportation of remaining stranded migrants and expand focus of relief measures to facilitate employment for returning migrants. In this blog, we highlight some facts about migration in India, summarize key relief measures announced by the government and directives issued by the Supreme Court for the migrant population in relation to the lockdown. During Covid-19 pandemic situation the labour from other states faced lots of issue like food, shelter, health issue, daily wages, so they have to relocate their location to their hometown and this need of migrant labour is identified by the Jagadambha College of Engineering & Technology Yavatmal and decided to provide the bus facility to the migrant labour so that they can relocate to their location and back to the home.

The NSS unit of Jagadambha College of Engineering & Technology, Yavatmal organize Cloth Distribution Program for Poor and Needy People at Dhamangaon Road Yavatmal. The purpose of this activity is to provide reusable cloths, warm cloths and blankets to the poor and needy people. The NSS Volunteers started this activity with the daily follow up in all institutes of Jagadambha College of Engineering and Technology, Yavatmal. Volunteers kept boxes near the entrances of the institutes with catchy note/ slogan "Donate Clothes – for the poor and needy people". There was overwhelming response from Teaching, Non – Teaching staff and students in the Jagadambha College of Engineering & Technology, Yavatmal. Volunteers took sincere efforts in collecting all the clothes and segregated them as per age groups. On 18th August 2020 NSS unit conducted the said drive at Dhamangaon Road Yavatmal. The Drive was started with the introductory speech given by Prof. P. S. Wankhede. Thus totally 42 volunteers and Faculty actively participated in this Drive. The volunteers were very enthusiastic about the drive as they were happy after experiencing the cheerful and happy faces of the poor and needy people.

There was a heavy rush of poor and needy people to get the reusable cloths. On receiving the cloths, the people had smile on their face and feeling of gratitude in their hearts for NSS Unit of Jagadambha College of Engineering And Technology, Yavatmal. Tears were noticed in the eyes of many volunteers seeing the pathetic condition of the poor. This event was found successful as some of the donors of cloths were resent during the event in the slum and they saw the pitiable condition of people living there. We feel that through NSS Unit of Jagadambha College of engineering And Technology, Yavatmal., we could make more and more people realize the condition of poor people. A real grass root level work was, thus, undertaken in the last days of the year 2020. A feeling of real festivity was felt by all the members and volunteers who were involved in this programme.

Venue :- Kinhi Village District Yavatmal

Computer Engineering Students of Jagadambha College of Engineering and Technology, Yavatmal conducted one day camp on "DIGITAL PAYMENT AWARENESS" on 28.01.2021 for villagers at Kinhi village. The main theme of the one day camp was to help villagers to understand the importance and usage of cashless payment and to create awareness among villagers. The Village Kinhi is situated near to Yavatmal city at Yavatmal district. The objective of this camp was to help Villagers understand the importance and usages of cashless payment instruments across all age groups thereby promoting digital adoption. The camp focused on the bouquet of cashless payment option like Cards, UPI, BHIM, QR etc thereby stating their usage for paying different services. We are sharing few glimpses of the campaign.

Prof. S. A. Murab, Prof. P. D. Thakare, Prof. Sumit Wagh, Prof.A. A. Zade was present during this camp. Prof. S. A. Murab speech in front of villager and students and focus on the importance of Digital payment. Under this Camp the Villages are taught how to do cashless payment on mobile.

After this camp, villagers in using mobile banking, debit cards, E-wallet, Net Banking, POS Swipe Machines and online financial transactions mode. This awareness activity will help people in using cashless transactions to curb black money.

Report on webinar on Covid-19 vaccine doubts and Concerns

1. Title of Activity	Webinar on Covid-19 vaccine doubts and Concerns
2. Date of Activity	15 th September 2020
3. Time	Sharp at 02:00 PM
4. Venue	At your own Premises
5. Speaker	Dr. Dipak Agrawal
6. No. of participants	132

The NSS unit of Jagadambha college of Engineering & technology Yavatmal organized the online webinar on Covid-19 doubts and concerns. In view of the world wide spread of Corona Virus, Dr. H. M. Baradkar, Principal of the college has inaugurated the initiative with his valuable speech addressing the students. He also stressed on "Not to Panic" but to follow the rules to get rid of the infection. In this programme, a good number of students representing different departments of the college under the guidance of Dr. V. L. Bhambere, IQAC have actively participated to aware the students, staff and visitors in the college during the programme. The programme informed about the "DOs" & "DON'Ts" to be followed to get rid of the disease as the infection is very contagious in nature causing serious health problems to the people of many countries including India.

Special Guest Dr. Dipak Agrawal addresses the students & staff regarding all the concerns related to the vaccination. They share the difference between all the types of vaccines available for the people that is covishield, covaxin, sputnik etc. According to his guidance they are suggested to the staff & student to do their vaccination due in a period of time and the slots suggested by the WHO in a period depending upon the age of the person.

Benefits of vaccination for the community

Vaccination protects the vaccinated persons and those around them who are vulnerable to the diseases, reducing the risk of diseases spreading among family members, school mates or colleagues, friends, neighbours and other people in the community. When enough people in a population are immune to an infectious disease, the disease is then unlikely to spread from person to person. This is known as '**community immunity**' (also referred to as 'herd immunity').

In this way, vaccines indirectly protect others who are vulnerable to disease. These include babies, children, the elderly, and people with weak immune systems, cancer patients, and people who cannot be vaccinated for medical reasons.

It means that people who cannot be vaccinated, for instance because they are too young or allergic to vaccine components, benefit from others being vaccinated, because the disease cannot easily spread in the community.

For example, to ensure community immunity against measles, public health authorities recommend that **95% of the population are vaccinated** with two doses of the vaccine against measles (the MMR vaccine, which protects against measles, mumps and rubella).

However, people **cannot rely on community immunity** for some infectious diseases. For example, tetanus can be encountered due to common injuries, including dog or cat bites. Vaccination is the only way to ensure direct protection against tetanus.

Furthermore, immunisation programmes help reduce the social, psychological and financial burdens of disease on people and governments, reducing pressures on healthcare and social care systems and enabling people to pursue productive activities including education and employment.

At the last Dr. Dipak Agrawal advised to all that everyone can follow the covid-19 guidelines and do our vaccination as early as possible. Then the program was end by vote of thanks proposed by NSS Incharge prof. P. S. Wankhade sir.

Why vaccines are important:

- Vaccination is the most important thing we can do to protect ourselves and our children against ill health. They prevent up to 3 million deaths worldwide every year.
- Since vaccines were introduced in the UK, diseases like smallpox, polio and tetanus that used to kill or disable millions of people are either gone or seen very rarely.
- Other diseases like measles and diphtheria have been reduced by up to 99.9% since their vaccines were introduced.
- However, if people stop having vaccines, it's possible for infectious diseases to quickly spread again.
- The World Health Organization (WHO) has listed vaccine hesitancy as one of the biggest threats to global health.

Brief Report on Birth Anniversary Savitribai Phule January 03, 1831

In the social and educational history of India, Mahatma Jyotirao Phule and his wife Savitribai Phule stand out as an exceptional couple. They were engaged in a passionate struggle to build a movement for equality between men and women and for social justice. Recognizing that knowledge is power and that the progress of women and lower castes was impossible without it, they dedicated their entire life for spreading education. In this module we first discuss the contributions of Mahatma Jyotiba Phule to the development of education in modern India. We will try to understand Phule's thoughts and ideas on education as an answer to the present challenges of education in India. His wife Savitribai Phule had the pride of being the first woman teacher. We will also look at the contributions of Savitribai Phule to the field of education.

Jagadambha College of engineering and technology organized birth ceremony of "SAVITRIBAI PHULE" on dated 3rd January 2019.

For the this event the Honorable Dr. Shittal Watile (Secretary, JCOET,(Yavatmal) and Principal of JCOET Dr. H.M.Baradkar and all Head Of Department were Present. The Secretary of JCOET Dr.ShittalWatile give speech on "Contribution of Savitribai Phule"she said about Savitibai Phule's early life and what she contributed for the society as well as for women's empowerment.The first female teacher and ardent champion of ending caste discrimination and illiteracy. She played an important role in improvingwomen's rights in India. Her sacrifices and struggles as a social reformer will be remembered for a long time. She gave a detailed introduction on the life of Savitribai Phule and also stressed on her contribution for the girls' education.

Dr.Shittal Watile Worship to Savitribai Phule

Principal of JCOET Dr.H.M.Baradkar had given their valuable speeches and expressed their views about Savitribai Phule. He said "Savitribai Phule was the first women, who stand alone for the girl's education,took lots of efforts to make women educated and make available first girl's school in Pune and in the memory of such Honorable women this day is celebrated. For this occasion, from Jagadambha College of engineering and technology all Teaching and non Teaching staff were present to listening Secretary Dr.Shittal Watile and Principal Dr. H.M.Baradkar Speeches.

Report on Shramdan Help To Matoshri Vruddhashram Nilona.

1. Title of Activity	Shramdan Help To Matoshri Vruddhashram Nilona.
2. Date of Activity	05 th January 2019
3. Time	11.00 am to 05.00 pm
4. Aim	To create the Healthy Environment in Matoshri Vruddhashram Nilona
5. Object of Activity	To aware the people about the importance of cleanliness.
6. Venue	Matoshri Vruddhashram Nilon District Yavatmal
7. No of Beneficiary	223 Students and Faculty Members of Jagadambha College of Engineering & Technology Yavatmal

Jagadambha College of Engineering And Technology Yavatmal organized a Shramdan Help To Matoshri Vruddhashram Program in Village Nilona District Yavatmal. on Dated 05th January 2019. The main motto of these program was to aware the people about cleanliness and maintain the healthy and safe environment. The students of Jagadambha College of Engineering And Technology Yavatmal visited the Matoshri Vruddhashram Nilona which is located 10 km away from the Yavatmal city and take up door to door campaign to make the local masses aware about the importance of cleanliness in their surroundings. Students convinced the people to collect the garbage in separate dust bean. Students will also be directed to procure informative material like leaflets, hand-outs from Jagadambha College of Engineering And Technology Yavatmal, for further distribution to the people while visiting door to door in the adopted areas. All the students will devote full day for intensive cleaning of the Matoshri Vruddhashram Nilona. Efforts will be made to involve local people so that they understand the dignity of labor and develop a habit of keeping their surroundings clean. Cleanliness is a very significant topic and has a vast meaning in its own. It is very necessary to be followed all through the life by everyone to really enjoy the nature's beauty by living a healthy and fit life. Cleanliness is really an abstract state of being clean as well as free from dirt in order to maintain and achieve the state of being peaceful, healthy and fit. It is very necessary for everyone to understand the importance of cleanliness and maintain it forever to continue a healthy and peaceful life. Cleanliness is not only means about the cleanliness of body; it means about the cleanliness everywhere (cleanliness of body, mind, soul, home, surrounding, environment, river, and whole planet)..

Mahatma Gandhi...

- The Man who fought without weapon.
- The Man who attack enemies with smile and helping.
- The Man who shown anger with Non – Violence.

Mahatma Gandhi...

- The Man who stood straight for Untouchability.
- The Man who did not celebrate Independence.

“Strength does not come from physical capacity; it comes from an indomitable will”

7. No of Beneficiary	134 Students and Faculty Members.

Jagadambha College of Engineering And Technology Yavatmal organized a world environment day Celebration Program on 5th June 2018 at Jagadambha College of Engineering & Technology Yavatmal to raise global awareness to take positive environmental action to protect nature and the planet earth. It is a day that reminds everyone on the planet to get involved in environment friendly activities. Students come together to pledge towards building a greener planet. Keeping this aim in view, Students of various branches from department participated and celebrated world environmental day enthusiastically. They were asked to plant a sapling to create a green corner. A lot of enthusiasm was seen in the students. The event was conducted successfully with whole hearted participation and awareness about plants. There are total 134 Students and faculty Members take actively participated in the World Environmental Day Celebration Program.

INTERNATIONAL
WOMEN'S DAY

8 March 2018

Program of the International Women's Day was organized in civil Seminar Hall of Jagadambha College of Engineering & Technology, Yavatmal on 8th March 2018

International Women's Day, 8th March, is a global day of celebration where women from all countries and of different political, economic, social, linguistic and ethnic backgrounds can join together to reflect on the struggle for equality over the past century, celebrate the achievements to date and identify the challenges for the future. IWD was first declared in 1910 with the first event held in 1911.

This celebration guide provides options for activities with a goal to assist communities and organizations in creating an opportunity to reflect on, and celebrate women's contributions and successes as we stand in solidarity and join in one voice for all women. The activities and resources herein are suggestions. There are many ways to celebrate IWD and it is at the discretion of each community to determine what is most appropriate. So get creative! Have fun! And help celebrate and recognizing women during IWD! International Women's Day (IWD) was extravagantly celebrated at Jagadambha College of Engineering, Yavatmal. Program was Witnessed by the Guest, Dr.Shital Watile Sir Secretary JCOET, Mrs. Kanchantai Chaudhari, Nagar Adhyaksha Nagar parishad Yavatmal District, Mrs. Kirti Raut Nagarsevika Nagar parishad Yavatmal ,Mrs. Ramya Kanan mam Trainer Soft Skill and Mrs. Jyoti Watile Mam and Faculty.

Green Army Registration and oath taking Ceremony was organized on 21st April 2018. The program was inaugurated by Secretary Dr. Shital Watile, Principal Dr. H. M. Baradkar, All the Heads of the departments, Teaching and Non Teaching Staff.

The program started with a Welcome ceremony and followed by motivational speeches by the Honorable Secretary and Principal on Importance of Green army and improving the natural environment including forests, lakes, rivers and wild life, and to have compassion for living creatures.

This program focuses on the duty of every citizen to protect and improve our Environment by tree plantation and Green Culture. As The State Government of Maharashtra has taken up the 50 crore plantation program intended to increase the forest cover in the state from the current 20% to the nationally mandated 33% of Maharashtra's land area. Thus Insufficient manpower with the Forest Department call for the initiative of Green Army. To ensure partnership from people of all walks of life, an initiative has been taken for an on-line channel for public engagement and Initiatives on Green Culture.

hygiene and self-defense

For the organization of this program the event coordinator Dr. M.B. Wasu had taken permission Dr. Wasu had taken the consent of Dr. Vijaya Kawalkar and invited her to guide the girl students. The first I/C had formed the program committee and called the meeting of the committee members to explain the respective responsibilities of the staff for smooth conduction of program.

On the 8th March 2018, the program was inaugurated at the hands of Dr. Vijaya Kawalkar and principal Dr. H. M. Baradkar, first year I/C- Prof. M. Khan.

Prof. Sontakke had introduced the guest. The principal had felicitated the guest by offering shawl, shrifal, bouquet and memento. In the inaugural speech Principal Dr. H. M. Baradkar had emphasized the advised students that girls should identify their potential, think positively and to be confident about their capabilities.

At the beginning of the first session, the chief guest Dr. Vijaya had explained the facts and responsibilities of students towards the social movement of Eye Donation and Plastic Nirmulan through Video clips.

In the second session Dr. Vijaya had guided the girl students through power point presentation about the following points-

The medical facts, precautions for physical and mental problems, the miss understanding in society, about the menstrual periods of woman.

The natural opposite sex attraction in young age and precautions in friend ship.

To fall in love in young age is like to give examination without preparation. First let your body, mind to prepare. The girls have to concentrate on their health and studies.

Find the partner who is physically, mentally strong, do not having any kind of addiction, who is economically able to run the family expenses.

Ideal woman must have good health, hemoglobin, appropriate weight, doing regular exercise, know about first aid, helping nature, smiley face, enthusiastic, energetic, positive thinker, who participates in competitions and activities, having awareness about personal and surrounding cleanliness, proud to be a girl, aware of all responsibilities.

Students should take fresh and balanced food; avoid fast food, oily unhygienic outdoor food. Have limits on using electronic gadgets, watching television etc.

In last session Dr. V. Kawalkar had explained the tricks of self-defense through video clips. At the end of program Dr. Wasu had proposed the vote of thanks.

Program Report

Jagadambha college of Engineering and Technology organized the wonderful program specially to guide the students of first year on the auspicious moment of

special chief guests on behalf of First year Department from Sanjivan Hospital, Dr.Vijay Kawalkar and Dr.Vijaya Kawalkar, to motivate the scholars through their speeches. Prof.N.V.Sontakke accepted an onus to perform anchoring. Dignitaries were introduced. Dr.H.M.Baradakar, the principal of JCET, felicitated Dr.Vijay Kawalkar with Bouquet, shal and shrifal on the other hand Dr.Vijaya Kawalkar was felicitated by Dr.M.B.Wasu, the associate professor of first year department.

Dr.H.M.Baradakar, the principal of college, was requested to deliver an Introductory Speech in which he admired the students with their striving and great efforts.

Two different seminars were arranged in Dr.Bhatkar & Electronics Seminar hall especially for the first year girls and boys respectively

Prof. N.V.Sontakke while anchoring the seminar.

Dr. Vijay Kawalkar inspires the students of 1st year in Electronics Seminar Hall.

Dr. Vijay Kawalkar, the active member of IMA, Yavatmal & the organizing chairman of a state conference of IMA, charmed the first year boys of JCET throwing a light over the problems in adolescent age group which have to be faced several times while maturity and in the age of puberty.

He marked the students the terrific consequences of bad addictions, elaborating a video clip through projector in Electronics Seminar hall. More than 100 students showed their keen interest to be a part of this mind boggling program. He mentioned the continuous enhancement in molestation, inclination of Youngers towards sexuality and the place of woman in our lives.

Dr.H.M.Baradkar, the principal of JCET, felicitates Dr.Vijay Kawalkar.

**Dr.Wasu, the associate Professor of Chemistry Department, welcomes
Dr.Vijaya Kawalkar.**

Dr.Vijay Kawalkar asked boys, the few questions, if they wanted to respect women & about their troubles in adulthood and students too retorted in well manner enthusiastically. At the conclusion of this program Prof. Nishant V.Sontakke proposed a vote of thanks expressing gratefulness towards a chief guest that he could spend his valuable time among students of the first year department.

Jagadambha College of Engineering & Technology, Yavatmal

16 Jan 2018

An expert lecture was called for the students of Civil Engineering, Jagadambha College of Engineering & Technology Yavatmal. Mr. D.S.Johar has delivered a lecture on the topic of "Road Safety Awareness" and shared his vast experience in the field of Civil Engineering on this occasion.

The programme has started by lamp lighting ceremony and garlanding to the mother Saraswati (goddess of knowledge). Felicitation of Mr. D.S.Johar was done by Prof. V.J.Bhambhere.

Mr. D.S.Johar has talk about "Road Safety Awareness". As the president of our society's organizing committee, we had organized an event based on 'Road Safety Week' starting from today wherein Mr. D.S.Johar deliver a talk on some important road safety measures for the students of Civil Engg. department. As we all read in newspapers the increasing cases of road accidents particularly that of the young generation of today, Because of that our college sincerely hope that through the medium of this talk some awareness could be spread amongst the Students and they learn to become more responsible and extra careful while walking on the road.

Firstly Mr. D.S.Johar from Dilip Buildcon Limited gave an introductory lecture on road safety measures & a detail presentation on the road side accidents. In his presentation he thoroughly discussed the safety measures that can save a human life. He stressed that one should be visible on the road and use zebra crossing while crossing the road. In his presentation he shared some of the terrible life risking facts. In the entire road side accidents 84% loss is because of human faults while other remaining factors are 16%. According to a report approximately 12000 persons are killed in road accidents annually.

There is urgency for the strict rules and regulations for safety on roads. Everyone should follow the instructions and rules while driving or while using a vehicle. These days, the craze of bikes between youngsters is increasing and hence they should follow the rules such as wearing a helmet and speed limit. While using a car, we should always use the seatbelt and maintain the speed limit. Harsh driving or driving while drunk is the main cause of accidents that happens with the cars. Also he thoroughly discussed the Road Safety Rules. He said that educated women can guide their family members in a better way for the avoidance of road side emergencies.

There was also a question answer session in which students asked different question regarding to road side safety. Also the students who answered the correct answer got price by Dilip Buildcon Limited. He urged that nations are recognized by road disciplines and we must observe road rules.

Our main purpose to conduct this seminar is to spread awareness among the masses about traffic rules and regulations to the students. Students were amazed for his experience in this field. All the Civil department staff was present at this occasion. And the vote of thanks has presented by a Third year student Miss Darshana Kataria.

Students were amazed for his experience in this field. All the Civil department staff was present at this occasion. Our lives are in our hands and thus it is necessary to follow rules and proper instructions while using a road. On this note we would like to thank all the people from Dilip Buildcon Limited for gathering here sharing knowledge about Road Safety Awareness and for making this social event successful.

Jagadambha College of Engineering and Technology, Yavatmal, Contributed in SatyamevJayate's Water Cup 2017 at Village Wedashi in RalegaoTahasil, around 80Kms from the Yavatmal. The staff of Jagadambha College of Engineering and Technology, Yavatmal went to the Wedashi village to contribute in the excavation work of recharge pit. In this campaign Dr. Shittal A. Watile (Secretary, JagadambhaBahuuddeshiyaSansthaYavatmal), Mr. Pavan A. Watile (Director, JagadambhaBahuuddeshiyaSansthaYavatmal), Dr. H. M. Baradkar (Principal, Jagadambha college of Engineering & Technology, Yavatmal) Mr. ArvindWadonkar (President District Engineer's Group), Mr. AnkushMuneshwar (Sarpanch, WedashiVillage), Mr. Khedkar (Block Development Officer) and all college Staff actively participated in the excavation of the recharge pit.

As there is a huge scarcity of water in the nearby area of Wedashi Village and very lower ground water level, because of the topography of that area. As the maximum part of the rainfall is discharged in the form of runoff and very less part of rain water get percolate in that area. To overcome this problem this work is carried out. The main objectives to increase the ground water level, Slope protection of terrain and to reduce the soil erosion in the nearby area of Wedashi Village.

“ Baliraja Chetana Abhiyan”

Aiming to create mass awareness among the distressed farmers across the district about the Government- Sponsored Schemes for their welfare.

1. Title of Activity	Baliraja Chetana Abhiyan
2. In collaboration with	District collector head, Yavatmal.
3. Academic session	2016-17
4. Object of Activity	Aiming to create mass awareness among the distressed farmers across the district about the Government- Sponsored Schemes for their welfare.
5. No. of students participated	110
6. No. of staff participated	26

As Being worried about the spate in farmer's suicides in the cotton heartland , the yavatmal district administration has submitted a proposal to the state government which in turn issued a GR on JULY 24 , 2015 wherein it resolved to make two districts – Usmanabad and Yavatmal – suicide free in two years. The government suggested the district administration to launch project “ Baliraja Chetana Abhiyan” aiming to create mass awareness among the distressed farmers across the district about the government – sponsored schemes for their welfare and also dissuade them from committing suicide

Our jagadambha college of engineering & technology decided to give opportunities to those intelligent & meritorial students belonging from village to get an admission for higher education in an engineering college through this“ Baliraja Chetana Abhiyan” scheme. In these scheme our college give opportunities to students who are interested to take admission in engineering college but have poor family background.

Among the objectives of the “Baliraja chetana abhiyan”, The team jagadambha college of engineering & technology conducted a survey to ascertain the distressed families in the villages and they has been made aware of the

government schemes and encouraged the daughters of the farmers , counseling to minimize the mental stress of the farmers, boost the morale of the farmers through the health care camps, training to educated youths for setting up small industrial units and encouraging the farmers to join the village based cooperative credit societies.

For the implementation of the scheme to be carried out in the district for which the responsibility has been set on the shoulders of the district level committee to supervise the scheme through the village level committee headed by the sarpanch of the respective village. Also a college letter is send to the collector of yavatmal district to find out the list of needy students, Those need help for their higher education & belonging from poor background.

As the farmers attempt suicide because of monsoon failure , climate change, high debt burdens, government policies , mental health, personal issues & families problems among the reasons of farmers our college takes responsibility to motivate them for education. Some of the major relief packages & dept waiver schemes announced by our college for the poor students.

For that we decided to send college information and support to poor students in every village of yavatmal district. For same we had prepared 1841 letters. Jagadambha college of engineering & technology circulate about 1841 latter to the various Gram- panchayat.

Pritam bandurkar was the first adopted student by jagambha college of engineering & technology, His father parsuramji bandurkar was a farmer & because of monsoon failure , high debt burdens he attempt suicide in the year of 2005.our secretary sir Dr. shittal watile tooked the responsibility of his higher education & help Mr. Pritam Bandurkar to complete his graduation degree from Amravati university.

ABOUT PROGRAM

Tree Plantation drives combat many environmental issues like deforestation, erosion of soil, desertification in semi-arid areas, global warming and hence enhancing the beauty and balance of the environment. Trees absorb harmful gases and emit oxygen resulting in increase in oxygen supply. On an average, a single tree emits 260 pounds of oxygen annually. Similarly, a fully-grown tree is sufficient for 18 human beings in one acre of land in one year stressing the importance of tree plantation for mankind. However, the global cooling effect of forests from carbon sequestration is not the only factor to be considered. For example, the planting of new forests may initially release some of the area's existing carbon stores into the atmosphere. Jagadambha College of Engineering & Technology carries out numerous projects to plant trees on huge scale. In the month of July 2015 with the vision of Hon'ble secretary sir, college started the policy for plantation and adaptation of trees. This program is carried out under guidance of respected principal Dr.H.M.Bardakar along with the departmental heads and faculty. The students groups were formed with one faculty members and trained to them for serving the plant. This program not only meant to plant the tree but also adopt it to servial.The adopted tree by the group of students is continues to adopt for other students.

About 500 trees was planted and adopted every year by the students in college premises and in hilly and rural areas. The movement initially introduced due to virtue by the "Van Mahaostav" program of Government of Maharashtra.To promote the growth of native ecosystems, many environmentalists advocate only indigenous trees be planted. A practical solution is to plant tough, fast-growing native tree species which begin rebuilding the land.

PROGRAM OUTCOME

Planting a tree is one of the most powerful ways in which you can make a difference for the environment. But we're not asking you to plant a tree, we're asking you to adopt one. Jagadambha College of Engineering & Technology, one of institute in central India aiming to promote sustainable development through environmental education, in aspect to save the earth planet by planting more trees and adopt them for future. Learning about Forests to see an increased level of awareness and knowledge about the key role forests play for sustainable life on our planet. The Programme reflects all the functions forests fulfill for people; social, ecological, economical and awareness of sustainable development issues through classroom study as well as college and community action.

PLANTATION

Second year students of our Institute Planting Tree with faculty. Yearly this program was conducted to aware the peoples about environment.

PLANTATION

Final year students of our Institute Planting Tree with group member. The planted tree by the final year students will transfer to next batch for adaption.

OBJECTIVES

adopt a tree

To create the awareness of saving earth planet by planting more and more tree. At our college initiated was taken for Plantation -Adoption-Transfer of plant. The plantation was done by the group of people and adopt it for fours during the tenure in college

PLANTATION

Tree Plantation by group of the students in college premises by first year students.

Tree Plantation by group of the students in college premises by second year students

Tree Plantation by group of the students in college premises by third year students
