2. Date of Activity	11 January 2020 To 17 January 2020
3. Time	Sharp at 11:00am to 6.00 pm
4. Venue	Civil Seminar Hall, JCOET Yavatmal
5. Organized By	NSS Units
6. No. of Beneficiary	17 Faculty and 108 Students

**Objective of Activity:** To get knowledge about road safety & awareness about traffic control.

An expert lecture was called for the students of Engineering Branch, Jagadamba College Of Engineering & Technology Yavatmal. Mr. D.S. Johar has delivered a lecture on the topic of "Road Safety Awareness" and share his vast experience in all engineering branch on this occasion. The programme has started by lamp lighting and garlanding to the mother sarswati (Goddess of knowledge). Felicitation of Mr. D.S. Johar was done by Mr. M. A. Khan.

Mr. D.S. Johar has talk about "Road Safety Awareness". As the president of our society's organizing committee, we had organized an event based on "Road Safety Week" starting from today wherein Mr. D.S. Johar deliver a talk on some important road safety measures for the students of all Engineering Department. As we all read in newspaper the increasing cases of road accidents particularly that of the young generation of today. Because of that our college sincerely hope that through the medium of this talk some awareness could be spread amongst the students and they learn to become more responsible and extra careful while walking on the road.

Firstly Mr. D.S. Johar from Dilip Buildcon Limited gave an introductory lecture on road safety measure & a details presentation on the road side accidents. In his presentation he thoroughly discussed the safety measures that can save a human life. He Stressed that one should be visible on the road and use zebra crossing while crossing the road. In his presentation he shared some of the terrible life risking facts. In the entire road side accidents 84% loss is because of human faults while other remaining factors are 16%. According to a report approximately 12000 persons are killed in road accidents annually.

  
Dr. Nimesh M. Baradkar  
Principal  
Jagadamba College of Engineering &  
Technology, Yavatmal

There is urgency for the strict rules and regulations for safety on roads. Everyone should follow the instructions and rules while driving or while using a vehicle. These days the craze of bikes between youngsters is increasing and hence they should follow the rules such as wearing a helmet and speed limits. While using a car, we should always use the seatbelt and maintain the speed limit. Harsh driving or driving while drunk is the main cause of accidents that happens with the cars.

Also he thoroughly discussed the road safety rules. He said that educated women can guide their family members in a better way for the avoidance of road side emergencies.

There was also a question answer session in which students asked different questions regarding road side safety. Also the students who answered the correct answer got a prize by Dilip Buildcon Limited. He urged that nations are recognized by road disciplines and we must observe road rules.

NSS Unit of Jagadambha College of Engineering And Technology Yavatmal organized a Birth Anniversary Celebration Program of Savitribai Phule on Dated 03 January 2020. Dr. H. M. Baradkar, Principal Jagdambha College of Engineering & Technology, Yavatmal. expressed his views about Savitribai Phule. He said "Savitribai Phule was the first woman, who stand alone for the girl's education, took lots of efforts to make women educated and make available first girl's school in Pune and in thememory of such Honorable women this day is celebrated". Many Students also gave speeches on "Contribution of Savitribai Phule". Through this program students came to know about Savitribai Phule's early life and what she contributed for the society as well as for women's empowerment. Savitribai Phule and her husband Jyotirao Phule had opened India's first school for women in Pune in 1848. Jyotirao Phule was an advocate of female education and helped his wife -- who married him when she was 9 years old -- attain good education against all odds. Savitribai not only became the first female teacher in India but went on to set up 17 more schools. She was actively involved with the lives of the students and regularly conducted meetings with parents to emphasize the importance of education for girls. "Tribute to Savitribai Phule on her birth anniversary, who devoted her life against untouchability, illiteracy, and for the rights of women".

The program was coordinated by Prof. Pravin Wankhede NSS Coordinator Jagdambha College of Engineering & Technology, Yavatmal. under the guidance of Honorable Dr. H. M. Baradkar sir, Principal Jagdambha College of Engineering & Technology, Yavatmal.

**Objective of Activity:** The power to vote for your country is an important part of a democratic country like India.

An Guest lecture was called for the students of Engineering Branch, Jagadamba College Of Engineering & Technology Yavatmal. Mr. Khadgi Sir has delivered a lecture on the topic of "Voter Awareness Programme" and share his vast experience in all Engineering students on this occasion. The programme has started by lamp lighting and garlanding to the mother sarswati (Goddess of knowledge). Felicitation of Mr. Khadgi Sir was done by Dr. V.L. Bhambere

Mr. Khadgi Sir has talk about "Voter Awareness Programme" As the president of our society's organizing committee, we had organized an event based on "Voter Awareness Programme" starting from today where in Mr. Khadgi Sir deliver a talk on some important Voter Awareness measures for the students of all Engineering Department In democracy, it is not simply enough to inform voters about election dates. In order to help the electorates take an informed decision, it is quintessential to sensitise them about the importance of participating in the electoral process. Moreover, voters need to be educated about the process and made aware of the political parties, their manifestos, backgrounds of the contesting candidates and armed with several other information to help them cast an 'enlightened' vote. To sensitize the voters about the importance of participation in an electoral process and to ensure a responsive, accountable and democratically elected government government of India has decided to celebrate January 25 every year as 'National Voters' Day'.

Also, Sir told The power to vote for your country is an important part of a democratic country like India. While many in our country are eligible to cast vote, few are enthusiastic about it. In the 2019 Lok Sabha elections, the voter turnout was 67.11% which is the highest turnout in

the history of India. With every election, there has been a positive increase in voter turnout. Such an increase in voting is a positive welcome, as each and every vote counts for a better future of our country. Sir told the reason of voting,

1. **It's our right.**
2. **Agent of change.**
3. **Your vote counts.**

India's democratic underpinnings are based on election results. Our legislatures and parliaments are elected by, for, and for the people. We are fortunate to have the constitutional right to vote. We take it for granted, but the constitution guarantees us the right to vote for whom we want and to change our minds. Every vote counts. Though it seems like an endless sea of people are there to vote, every vote counts. When the national attitude changes from thinking "my vote doesn't make a difference", then the numbers increase and a multitude of people voting will make the difference. The responsibility lies on every individual. Every vote counts. Though it seems like an endless sea of people are there to vote, every vote counts. When the national attitude changes from thinking "my vote doesn't make a difference", then the numbers increase and a multitude of people voting will make the difference. The responsibility lies on every individual.

**Objective of Activity:** Food Distribution to needy people in lockdown.

Jagadambha College of Engineering & Technology Yavatmal organized to provide food to daily wagers, homeless and other people affected by the curfew imposed in Maharashtra in view of the coronavirus pandemic.

Besides, Jagadambha College of Engineering & Technology Yavatmal distributed food packets to homeless people at Patipura, cotton market, vadar Wadi, on Monday. Volunteers reached out to people affected by the lockdown, especially daily wagers, and provided them food. On Monday afternoon, food packets were provided in Datta Nagar to truck drivers who were working in the city and did not have lunch. Some volunteers of Jagadambha College of Engineering & Technology Yavatmal members provided lunch in the last two days to daily wagers who were stranded at the corner of road while waiting for private vehicle to return to their home towns. In Jagadambha College of Engineering & Technology Yavatmal, who plan to provide around 600 ration kits to the needy families. The volunteers have been taking necessary hygiene precautions by wearing gloves and face masks and using hand sanitisers during food distribution. "We feel that as human beings, it's our responsibility to help the most vulnerable amongst us in their time of need. We appeal to all citizens of Yavatmal to join in our efforts.
